

Software Project Cost Breakdown (₹1,68,000)

Detailed cost breakdown of a production-grade system including biometric attendance, WhatsApp automation, payroll engine, admin dashboard, and mobile applications. Hosting and app store charges are excluded.

Module	Description	Cost (₹)
Core Platform	Authentication, RBAC, backend architecture	25,000
Student Management	Profiles, parent linking, class mapping	15,000
Teacher Management	Registration, approval, section mapping	15,000
Attendance System	Student & teacher attendance tracking	18,000
Biometric Integration	eSSL integration, sync, event processing	30,000
WhatsApp Automation	Notifications, queue, retry system	12,000
Payroll Engine	Salary rules, deductions, reports	18,000
Assessment System	Test scheduling, tracking	10,000
Mobile App	Student & teacher app (Flutter)	15,000
Admin Panel	Dashboard, analytics (Next.js)	7,000
DevOps Setup	Docker, deployment, SSL	3,000

Total Project Cost: ₹1,68,000
